Course Code List (Spring Semester 2025)

Course Enrollment Categories	Course Code	Course Titles
Lower Division Courses	MATH201	Basic Mathematics for IT and Business
Lower Division Courses	MATH202	Mathematics for Information Processing
Lower Division Courses	MATH251	Probability and Statistics for Data Science
Lower Division Courses	CS101	Basic Knowledge for IT
Lower Division Courses	CS102	Introduction to the Internet
Lower Division Courses	CS103	Introduction to Data Science
Lower Division Courses	CS104E	Office Software Basic Exercise
Lower Division Courses	CS106	Introduction to Mobile Devices and Network Services
Lower Division Courses	CS151	Introduction to Computer Architecture
Lower Division Courses	CS152E	Introduction to Programming
Lower Division Courses	CS153	Fundamentals of Web
Lower Division Courses	CS154	Introduction to Information Security
Lower Division Courses	CS156	Digital Technologies and Information Society
Lower Division Courses	CS201	Introduction to IoT (Internet of Things)
Lower Division Courses	CS202	Fundamental Information Network Technologies
Lower Division Courses	CS203E	C Programming Exercise
Lower Division Courses	CS251E	Introduction to UNIX
Lower Division Courses	CS252E	Introduction to Python Programming
Lower Division Courses	CS253E	Algorithms and Data Structures in C Language
Upper Division Courses	CS301	Software Engineering
Upper Division Courses	CS302	Advanced Information Network Technologies
Upper Division Courses	CS303E	Web Applications
Upper Division Courses	CS304	Advanced Information Security
Upper Division Courses	CS305	Cryptography for Information Security
Upper Division Courses	CS307	Practice of Information Network
Upper Division Courses	CS308	Theory of Database
Upper Division Courses	CS309E	Communication Practice for Digital Society
Upper Division Courses	CS351E	Java Programming
Upper Division Courses	CS352E	Python Programming Practice
Upper Division Courses	CS353	AI Algorithms
Upper Division Courses	CS354E	AI Programing
Upper Division Courses	CS356E	Advanced Data Science
Upper Division Courses	CS358E	Web Application Development
Upper Division Courses	CS359E	JavaScript framework for Web Development
Upper Division Courses	CS360E	Linux Server Building
Upper Division Courses	CS361	Authentication Systems
Lower Division Courses	PM101	Introduction to Project Management
Upper Division Courses	PM301	IT Project Management
Upper Division Courses	PM351E	IT Project Management Laboratory
Lower Division Courses	ECON101	Introduction to Economics
Lower Division Courses	ECON201	Macroeconomics
Lower Division Courses	BA101	Introduction to Corporate Management
Lower Division Courses	BA102	Introduction to Accounting
Lower Division Courses	BA151	Introduction to Marketing
Lower Division Courses	BA152	Organization and Management Theory
Lower Division Courses	BA201	Introduction to Entrepreneurship
Lower Division Courses	BA202	Management Accounting
Lower Division Courses	BA252	Digital Tools for Operational Efficiency
Lower Division Courses	BA253	Introduction to Generative AI

Upper Division Courses	BA301	Advanced Theory of Business Creation
Upper Division Courses	BA302	Corporate Finance
Upper Division Courses	BA303	Practical Theory of e-Commerce
Upper Division Courses	BA304	Strategic Management
Upper Division Courses	BA305	Business Applications - Evolution and Development
Upper Division Courses	BA351	Internet Marketing
Upper Division Courses	BA352	Theory of Product Planning
Upper Division Courses	BA353	Theory of Regional Marketing
Upper Division Courses	BA354	Theory of Business Model
Upper Division Courses	BA355	Product Management
Lower Division Courses	LAW101	Introduction to Business Laws
Lower Division Courses	LAW201	Risk Management and Audit
Thesis Project	TH401E	Seminar
Thesis Project	TH403E	Special Research II
General Education Courses	SD101E	e-Learning Skills
General Education Courses	SD103	Theory of Self-Management
General Education Courses	SD104	Introduction to Business Presentation
General Education Courses	SD105	Introduction to Career Development
General Education Courses	SD106	Technical Writing
General Education Courses	SD111	Communication Theory
General Education Courses	SD112	Introduction to Web Designs
General Education Courses	SD113	Logical Thinking
General Education Courses	SD114	Theory of Leadership
General Education Courses	SD115	Productive Information Process Management by IT
General Education Courses	SD116	Career Design
General Education Courses	SD117	Introduction to Mindfulness: from stress measures to performance
General Education Courses	SD121	Introduction to Financial Planning
General Education Courses	SD131E	Method of Literature Survey and Analysis
General Education Courses	SD151	Practical Theory of Asset Management
General Education Courses	SD201E	Preparation for Job Search
General Education Courses	SD301E	General Education Seminar
General Education Courses	SD302E	Academic Writing
General Education Courses	GENS101	Physics in Daily Life
General Education Courses	GENS102	Introduction to Health Care
General Education Courses	GENS105	Our Universe
General Education Courses	GENS111	Introduction to Artificial Intelligence
General Education Courses	GENS113	Introduction to Earth Science
General Education Courses	GENS114	Introduction to disaster risk reduction
General Education Courses	GENS115	Introduction to Biology
General Education Courses	GENS121	Introduction to Chemistry
General Education Courses	GENS122	IT for Medical and Healthcare
General Education Courses	GENS124	Introduction to Satellite - Integrated Space Technologies -
General Education Courses	GENS151	Introduction to Physics
General Education Courses	GEHM101	Introduction to Psychology
General Education Courses	GEHM102	Traditional Performing Arts in Japan
General Education Courses	GEHM103	Introduction to Religion
General Education Courses	GEHM104	Basics of Photography and Videography
General Education Courses	GEHM105	Introduction to Japanese Literature

General Education Courses	GEHM111	History of Western Music
General Education Courses	GEHM112	History of Western Architecture
General Education Courses	GEHM113	"The heart" of Japan and cross-cultural understanding
General Education Courses	GEHM114	Learning Japanese History through UNESCO World Heritage
General Education Courses	GEHM116	Theory of Japanese Food Culture
General Education Courses	GEHM117	History of Epidemics and Society
General Education Courses	GEHM121	World of Japanese KODAN Storytelling
General Education Courses	GEHM122	Christian Culture Ⅰ
General Education Courses	GEHM124	Korean Culture
General Education Courses	GEHM151	Psychology of "Ease of Use": Design and Usability
General Education Courses	GEHM152	Christian Culture Ⅱ
General Education Courses	GESS101	Introduction to Sociology
General Education Courses	GESS102	Practical Theory of Regional Revitalization
General Education Courses	GESS103	Game History and Future
General Education Courses	GESS104	Economics of Convenience Store
General Education Courses	GESS111	Theory of Social Media
General Education Courses	GESS113	Introduction to Social Security
General Education Courses	GESS114	Business Environment Studies
General Education Courses	GESS115	Law and Its Philosophy
General Education Courses	GESS116	Introduction to SDGs: Towards the Creation of a Sustainable World
General Education Courses	GESS122	Business Structure of Professional Sports
Foreign Language Courses	ENGL101E	Basic English Ⅰ
Foreign Language Courses	ENGL151E	Basic English Ⅱ
Foreign Language Courses	ENGL201E	Intermediate English Ⅰ
Foreign Language Courses	ENGL251E	Intermediate English Ⅱ
Foreign Language Courses	ENGL301E	Advanced English Ⅰ-A
Foreign Language Courses	ENGL302E	Advanced English Ⅰ-B
Foreign Language Courses	ENGL351E	Advanced English Ⅱ-A
Foreign Language Courses	ENGL352E	Advanced English Ⅱ-B
Foreign Language Courses	CHIN101E	Basic Chinese A
Foreign Language Courses	CHIN102E	Basic Chinese B
Foreign Language Courses	CHIN201E	Intermediate Chinese A
Foreign Language Courses	CHIN202E	Intermediate Chinese B
